Questions that 10th/11th graders may ask about the *Our Whole Lives* program:

If I went to 7th/8th grade Our Whole Lives classes, why should I come to this?

As a 10th/11th grader, you are at a much different stage of life and may have more complex questions than you did as a middle-schooler. Think about all the life experience you have had since then! This is a chance to have more advanced conversations about sexuality. Besides, *Our Whole Lives* is a lot of fun!!

Can non-Beacon friends come to the Our Whole Lives classes?

Sure! The more the merrier! Please explain to your friends that parent orientation is always required before young people can attend *Our Whole Lives*.

What will we talk about?

Relationships. How to stay healthy. Social justice issues related to sexuality. Questions from people in the class. Lots of interesting things! Those of you who attended *Our Whole Lives* in the past know that our conversations are highly confidential (as long as there is not a safety issue involved).

What should I do if I'm interested in attending Our Whole Lives classes?

Tell your folks! Your parents might like to know that you would be willing to learn more about this important part of life! It's also okay to contact Dee or Amy (see contact info above) if you have questions about the classes.
