## Item:

Indicate brand, make, model, manufacturer, etc.

---

## Description:

Include dimensions, composition, materials, fabric types, etc.

---

## Condition:

Chose new, like new, excellent, good, fair, salvage and describe why. Indicate any scratches, stains, dents, malfunctions, or modifications.

---

## Estimated Value:

Used items in good to excellent condition need to be priced at about half the new market value to limit the backlog of sales. Items in usable to fair condition should be priced lower.
